

NORTHEAST OB/GYN ASSOCIATES

Children & Visitor

SAFETY POLICY AND PROCEDURE

NOTICE TO ALL PATIENTS

At Northeast OB/GYN, the safety of all our patients, staff, and visitors is our highest priority. To maintain a secure environment in our clinic, we have implemented the following Children in Office Policy:

Children Under 2 Years Old in Car Seat or Stroller:

- Welcome in the clinic and exam rooms.
- **Must remain safely restrained** in a car seat or stroller at all times during the visit.
- For their safety and the safety of others, children under 2 are not allowed to be held or roam freely while inside the clinic.

Children Ages 2–11:

- For safety reasons, children between the ages of 2 and 11 are **not permitted** in the clinic.
- We kindly ask that alternate childcare arrangements be made prior to your appointment.

Children Ages 12 and Older:

- May wait in the clinic lobby during your appointment.
- Not allowed in the exam rooms.

Why This Policy?

Our clinic contains medical equipment, instruments, and medications that may pose a serious risk to children. This policy is in place to:

- Protect children from exposure to hazardous materials or sharp instruments.
- Ensure a calm and professional environment for all patients receiving care.
- Support the safety and focus of our clinical staff while performing exams and procedures.
- We appreciate your understanding and cooperation.
